This eco-friendly bearded fellow is none other than the Master of Nature! He inherited his skills from his father, who was the previous Master. With his powers, he can summon tendrils that entangle his opponents, giving them no chance to fight back.

BE NINJA!

IMPERIUM GUARD COMMANDER

Once a baddie, **always a baddie!** That is the motto of this evil commander. Even though Imperium has been **defeated**, he remains loyal to **Empress Beatrix** and waits patiently in Ninjago City's underground to take his **revenge** on the ninja!

MY
REVENGE WILL
BE SWEET. TRUST
ME, NINJA!

A matter of honour

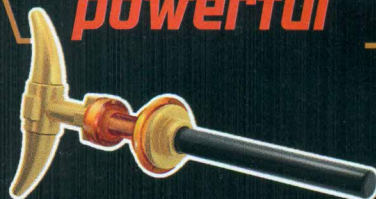

Back when Beatrix still reigned over Imperium, being a guard was an honour only few were given. Young citizens dreamed of one day donning the black and gold armour to protect the Empress and rule over the world.

Shoulder pads on!

Nothing is more important to a guard of his rank than his shoulder pads! But make no mistake: this is not a suit and tie situation. It's all about proper protection against ninja moves.

Rare and powerful

This Dragon Tooth Lance is a super rare relic from Imperium's golden age. Only a true commander is allowed to carry it!

AMAZINGLY
LONG LANCE!

CLAW CLUB!

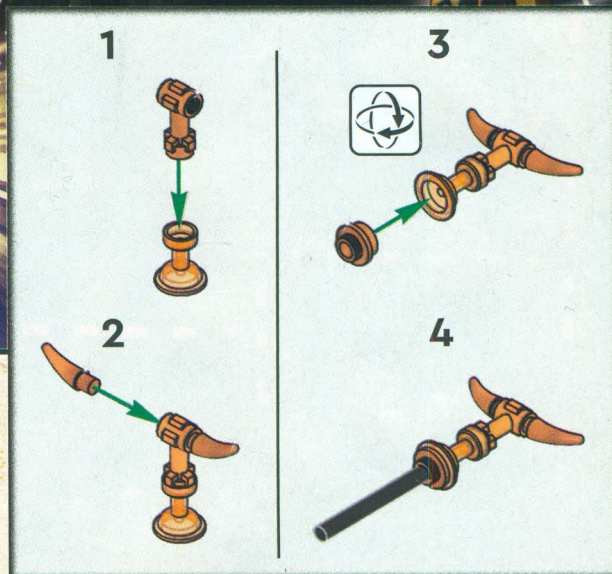

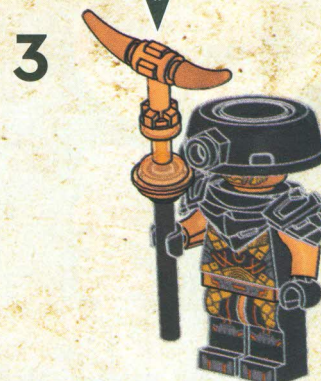

An **exclusive circle** of high-ranking guards is forming in Ninjago City. **New recruits** arrive every day, but some of them seem to be intruders or wannabe baddies. Take your toy and compare it to the **shadows**. How many **fake guards** can you find?

THIS IS NOT A FANCY DRESS PARTY! IT'S SERIOUS VILLAIN BUSINESS!

RAS'S PACK

Lord Ras has gathered a **new group** of like-minded villains around him to bring **darkness** over the world of Ninjago. Here you will find out who these new crooks are.

CINDER

Elemental Master of Smoke

Special Ability: Can perform an evil version of Spinjitzu after an ancient ritual.

POWER LEVEL:

JORDANA

Evil scientist

Special Ability: Knows how to capture Source Dragon energy.

A key part of Ras's plan.

MASTERMIND LEVEL:

WOLF HUNTERS

New recruits

Special Ability: If they wear their mask during an ancient ritual, they become unbeatable!

NASTINESS LEVEL:

THE PLAN

First he had Jordana capture **energy** from Imperium's **Source Dragon** in order to gain access to some **old relics**. With these, he can perform the **ancient ritual** that turns his new-found villain friends into proper **final bosses**.

CATCH THE CROOKS!

For 2-4 players

RULES:

You will need: One dice, one game piece each, scissors.

Game preparation: Carefully cut out the cards and the circular game pieces. If you don't think you can do it, ask an adult. Place the tiles face down on the blue circles. The cards go on the monastery space. The first card is turned **face up**. Place your game pieces on the starting space.

The player with the **biggest ears** starts.

The aim of the game is to **find the villains** seen on the face-up card under the tiles and be the first to report them to the ninja. The player who finds the most villains wins.

Roll the dice and move your piece according to the number you roll.

If you come to a **blue space**, you may look at the tile, but without anyone else seeing it.

If the figure on the tile matches the figure on the space, you must go to the **monastery** as quickly as possible. Once there, you can tell the other players where you think the villain is. If your guess is right, you can **keep the card** and return to the start. If it's wrong, you have to go back to the starting space and sit out a round.

Throwing out is expressly allowed. Whoever is thrown out is put back on the **starting space**.

When all cards are used up, the player with the most cards is the **winner**.

HELP US FIND THESE NASTY VILLAINS AND TELL US THEIR LOCATION!

CATCH THE CROOKS!

The **new villains** are hiding around the **monastery**. Can you help the Ninja **catch** them?

HEAD SPIN

Arin practises his **wobbly spinjitzu**. After a few hours he gets **dizzy** from all the spinning around. He can't even recognise his **ninja friends**. Can you help him? Find the **head**, **body**, and **legs** of each ninja. Enter the **letters** in the boxes below.
